

Dear Travel Buff,

Delia and I have come across something terrific, and we want to share it with you.

My name is Jon Keim, and I own Huckleberry's in Rock Island. But – we won't be talking to you about food. Instead, we want to tell you how you can travel more, spend less money, and even – if you're interested – earn some residual income for years to come.

You see, we've recently become Leisure Travel Consultants with WorldVentures. We thoroughly checked out the company, and just came back from a great trip to the Gulf in Florida – and it was everything the company said it would be, and more. We had a great time relaxing on the white, sandy beaches and getting 5 star service for a 2 star price. And now, we're ready to share this with other people who love to travel as much as we do.

Whether you love to travel abroad, and experience other cultures – or travel and explore here, in the U.S. – WorldVentures can help satisfy your wanderlust *at incredible savings*. Here are just a few examples:

- ✓ A 4 day/3 night Orlando Mini-Dreamtrip at the Embassy Suites – just \$272.00 per person! (Save an average of \$332.00 per couple)
- ✓ 4 days/3 nights at Atlantis Paradise Island, Bahamas – just \$329.99 per person (Average per couple savings are a whopping \$410.00!)
- ✓ You may not believe this: a 10 day/9 night tour of *China*, visiting Beijing and Shanghai – for *only* \$2230.00 per person. Average saving per couple on this trip: \$1,404.00!

But great travel opportunities isn't all WorldVentures has to offer. If you know other people who love to travel as much as you do – maybe a group of friends you sometimes vacation with – you can even earn a monthly residual income doing something you love! We'd love to share this with you and explain it all in person.

We have regular meetings at Huckleberry's – 223 18<sup>th</sup> St., Rock Island – every Tuesday night at 7:00 pm. Or, if you prefer, we can meet for a private presentation at a time and location convenient for you so you can find out how to travel more and spend less money.

If you have questions, need directions, or just want more details, then call me at (309)230-8199. I'll answer your questions, tell you how I've been able to travel more while saving money, and show you how you can earn a monthly residual income by helping your friends travel more and save.

We look forward to sharing our travel secrets with you soon.
