Dear Name,

A pressing question many people nearing retirement have is, "Will my money last as long as my retirement?" I'd like to help you be sure that it does.

My name is Stephen DeBacker, and I'm a Registered Representative with MassMutual here in Davenport. I'll work with you to develop a strategy to meet your needs and give you the peace of mind - and the freedom from worry - that comes from knowing your assets will last through your *entire* retirement.

Imagine for just a moment the feeling of security you'll have, knowing your financial house is solid, and built on a strong foundation. I want you to have that security and a strong, stable financial "house" designed specifically for your particular situation. We can work together to build exactly what you need.

I also want you to feel secure in choosing to work with me. I have over 14 years experience in building strong financial "houses," working with each client individually to be absolutely certain that every need and foreseeable circumstance is covered. Now, I'd like to help you. I want you to have the stability and security I've helped my other clients reach.

Now, before it's too late, is the right time to secure your financial future. I'd like to visit with you even if you already have a plan in place, in order to be sure that nothing was overlooked or is missing. I'd like to help you have a safe, secure, and *long* retirement.

To make responding as easy as possible for you, I'll be calling you within the next week to set up an appointment so we can review your specific situation. If you'd like to get started right away, you can reach me at (563)326-6261, ext. 347.

Let's work together to properly secure your retirement.

Respectfully,

Stephen G. DeBacker

P.S.: You may know someone else who would like to secure their financial house. Please share this with them and help them reach the security they want and need. Thank you!
